Hur många deltagare var ni i gruppen?	4	
Hur blev du mottagen vid ankomsten?	Mycket bra	
Hur var boendet jämfört med dina förväntningar?	Mycket bra	Room was nice (might be cold, if there is really cold outside?).
Hur var maten som ingick i resans pris?	Mycket bra	Food was really excellent and variable. It would be good to have some fruits available between the meals since the schedule was spanish (only 3 meals)
Vad tyckte du om kvalitén på ridningen?	Mycket bra	I liked riding a lot. Jose Luis was very honest to give feedback from riding and didn't say that it went well if it didn't (I like it in that way), but he also gave positive feedback when things went better. It was very good to have private lesson. Riding was in my own level, but I learned a lot. I think I have never learned so much during the weekend.
Vad tyckte du om kvalitén på hästarna?	Mycket bra	I had very nice and well trained horses. They were really sensitive, which made riding difficult in first lesson before I understood the way how they should be ridden. I really liked the way Jose Luis handled and trained horses, I have never seen so satisfied and nice horses
